

MONITOR CENTRIS TECHNOLOGY – WALL MOUNTS

CUSTOM OR UNIVERSAL

FAQ

1. What if my display is not listed in the cross-reference chart?

A Chief's mounts fit VESA® compliant displays with a 75 x 75 mm or 100 x 100 mm hole pattern. If your hole pattern does not match the VESA standard, call Customer Service to determine if Chief has a mount to fit your display.

HOW TO ORDER

1. Verify that your display is VESA® (75 x 75 mm or 100 x 100 mm) compliant. If your display does not match either of these hole patterns or to confirm compatibility, call Customer Service at 1.800.582.6480 (domestic) or 952.894.6280 (international).
 2. Determine which mount fits your application needs and order the appropriate part number. If the mounts shown do not address your installation needs, call Customer Service about other possible combinations.
 3. Verify that your display meets the specified weight capacity of the mount.
 4. Determine color. Please specify S for silver or B for black after the model number. For example: If ordering a FWV110 in silver, the part number would read FWV110S.
 5. Decide which accessories you will need for your installation.
- Note: Interface brackets available for non-VESA® compliant displays.

FWV110™/FWG110™/FWB110™/FWGSK™ HEIGHT-ADJUSTABLE WALL MOUNT

A perfect solution for easy height adjustment of the screen. Ideal for the home or office.

■ Exclusive Centris™ Technology
 – Self-adjusts to support different display weights
 – Enables effortless tilt and pivot
 – Fingertip tilt and swivel for viewing at any angle

■ Built-In Cable Management
 For a clean installation.

■ Portrait and landscape rotation and side-to-side pivot.

■ Customizable Height Adjustment
 Provides customized control and tension, and can be optimized for fingertip adjustment of any display.

■ VESA® Compliant

■ Height Adjustment
 Provides viewing at multiple angles with 13.25" (337 mm) maximum height adjustment.

■ Pivots 180° at Wall Plate

■ Extends 19.5" (495 mm)

1 FWG Height-Adjustable Dual Arm Wall Mount

■ Easy installation!
 Ships fully assembled. Tension can be optimized for touchscreens.

■ Sleek, attractive design
 Hides all hardware.

■ Extends up to 13" (330 mm)

■ Extends up to 26" (660 mm)

2 FWV Single Arm
 Single arm allows for extension up to 13" (330 mm).

3 FWB Triple Arm
 Triple arm allows for maximum extension, up to 26" (660 mm).

4 FWGSK Single Steel Stud Kit
 For additional information on steel stud mounts see pg 127.
