

Vaddio Ceiling Speakers **SKU: 999-85600-000**

Vaddio Ceiling Speakers are sold and packaged in pairs and optimized for easy installation and accurate voice reproduction. Ideal for conference rooms and classrooms.

Key Features:

- 4 inch, 2-way speaker optimized for vocal clarity
- 8 ohm nominal impedance
- Ceiling or wall mountable
- Magnetic speaker grille and removable phoenix-style plug
- Included ceiling tile brace
- 88dB SPL 1W/1M nominal sensitivity

The Vaddio Ceiling Speaker is quick and easy to install, featuring a magnetically attached grille for a streamlined appearance. The speaker is optimized so voices sound clear and natural. The 2-way speaker is built with a specially designed coaxially mounted cone tweeter and a high-performance 4" metalized cone woofer with rare-earth neodymium magnets and a neoprene driver surround for durability.

The flush-mounting speakers can be installed in the ceiling or wall and come with a lightweight ceiling tile brace. The air-sealed steel enclosure features a recessed cable cavity and a removable phoenix-style plug. Removing the magnetic, neutral white metal grille reveals convenient baffle-located screws to secure the swivel-out mounting tabs.

This Package Includes:

- 2 qty. Vaddio Ceiling-Mounted Speaker with detachable grille
- 2 qty. Euro-style 4-pin audio connector
- 2 qty. Lightweight aluminum ceiling tile brace
- 2 qty. 28 in. (71 cm) stainless steel safety cable with steel carabiner clips
