

EasyIP AMP D **SKU: 999-86300-000**

The EasyIP AMP D is a half-rack PoE+ powered amplifier featuring Dante networked audio. A single ethernet cable provides power and a Dante audio signal to the EasyIP AMP D and the amplifier's speaker output provides up to 25 watts of power to a connected speaker.

Key Features:

- Brings an analog speaker into your EasyIP or Dante environment
- Dante networked audio – manage with the Dante Controller application from Audinate
- 1 RU, half-rack chassis
- PoE+ or PoE power; adaptive output – 25 W if powered by an EasyIP Switch or other PoE+ source, 15 W if powered by a PoE source

The EasyIP AMP D features one PoE+ network connection and one powered speaker output making it the ideal solution for incorporating a passive speaker with an EasyIP or Dante audio system. By providing digital signal transmission over the network, Dante makes installing any size project easy. The EasyIP AMP D is part of the expanding family of Vaddio's EasyIP AV-over-IP ecosystem.

This Package Includes:

- EasyIP AMP D
- 2-conductor 5 mm Phoenix style plug, for use in making a cable to the speaker
- Rack mounting brackets, one short and one long
